

Department of Electronics and Communication Engineering

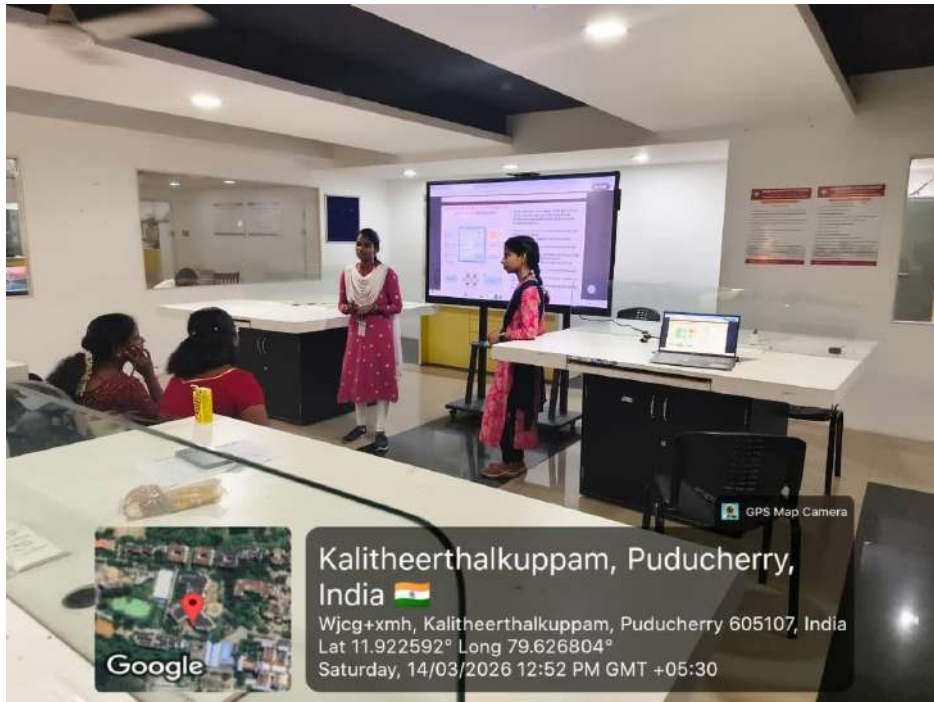

MITILENCE'26 – Paper Presentation

National Level Technical Symposium

14th March 2026, MVIT, Puducherry

Students from CK College of Engineering and Technology presenting "Smart Electric Fence System" at MITILENCE'26, MVIT, Puducherry – 14 March 2026.

Students demonstrating their IoT-based Smart System architecture and communication framework at the paper presentation event.

Team from Sri Manakula Vinayagar Engineering College presenting "Coral Reef Health Monitoring for Sustainable Marine Ecosystem" at MITILENCE'26,

A student presenting his work on "Edge Intelligence for Industrial IoT: Latency & Security Optimization" to the evaluation panel.

Students presenting "Smart Guardian Jacket – Wearable Health Monitoring for Rescue Responders" at the MITILENCE'26, symposium.

Students from CK College of Engineering and Technology presenting their project on the convergence of Embedded Systems, IoT and Robotics.
