5. Dept File

CHIEF GUEST PROFILE

Mr. K. Vengatesan has over 18 years of expertise in HSE management, risk assessment, HSE audits and trainings, occupational health and hygiene, hazardous waste management, and fire safety and security. He is an expert at inspecting and evaluating workplaces for fire and safety concerns, as well as recommending and implementing safe workplace processes and fire prevention and control measures. He also specialises in monitoring and controlling erection and shutdown, as well as preventative maintenance for columns, vessels, furnaces, pipelines, tanks, compressors, pumps, and other equipment. He focuses on preparing SHEMS manuals, maintaining safety papers, and upgrading ISO 14001 and ISO 45001 standards.

He provides instruction in areas such as monitoring safe big lifting operations, critical lifting, height work, confined space, and developing a rescue plan for all major operations. He also specialises in incident investigation, task risk assessment, permit to work (PTW), SIMOPS, job safety analysis, safety inspection-audits, HAZOP and HAZID, safety awareness programmes and trainings (on-the-job trainings, alerts, and safety campaigns). Experience developing HSE turnaround procedures, guidelines, emergency plans, SIMOPS, and other related documents. Compliant with international codes and norms, Authorised Gas Tester and Breathing Apparatus Train the trainers.
