**Learning:**

The entrepreneurship is the activity of setting up a business or businesses, taking on financial risks in the hope of profit. "The new business opportunities have encouraged entrepreneurship on a grand scale". To be an entrepreneur, try to solve the problems by getting proper solution. Professions can be self employed. Figure out and start the business. Using technology, sustain the business. Business is not starting it should be sustained. The main thing is that the employment is about skills and business is about customer. Long term technology should be applied. It is better to be self employed than to work on a company. Start up in a main thing to succeed. Everything is business. When business groups up, it will tend to increase the latest technologies. Interact with all to gain information. About opportunities you will be well trained about the things. By comparing the latest technologies with previous years, it was marvelous growth.
