MIT/Minutes/Alumni cell/2025-2026

Date: 19.09.25

Minutes of Alumni meeting held on 19th September 2025 at 2.00 pm

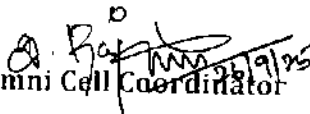

- ✓ After induction day program **Principal** and **alumni** members of various department who are all came to the program had a meeting in conference hall.
- ✓ **Principal** thanked all the alumni members to be part of first year induction day to receive the "Best Alumni Award -2025"

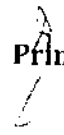

Principal asked suggestions for institutions future growth.

- ❖ **Startup Awareness:** Gokularaman.V from ECE department of 2017 batch Alumni suggested that students should be encouraged and guided towards startups at an early stage to foster innovation.
- ❖ The Principal agreed to organize workshops and invite entrepreneurs to share their journeys.
- ❖ **Internships:** Sashilan from EEE department of 2008 batch Alumni emphasized the need for students to gain awareness about internships even before joining college, as it provides real-world exposure and confidence.
- ❖ The Principal assured that industry partnerships will be strengthened to increase opportunities.
- ❖ **Hackathons:** Bhavatharani. N from CSE department of 2021 batch Alumni highlighted the importance of hackathons in improving teamwork, problem-solving, and coding skills.
- ❖ She suggested instead of going in coding, there is lot of other domains opportunities in Software Company like Testing, Devopes, Data analytics, framework, visualization and packet designing etc.
- ❖ The Principal agreed to promote hackathons participation and involve seniors in mentoring juniors.
- ❖ **Skill Development:** Priyadarshini M from IT department of 2022 batch Alumni stressed that students should learn beyond coding, including awareness of different domains and soft skills. Senior-junior interactions were also recommended for better peer guidance.
- ❖ The Principal proposed formal mentorship programs.

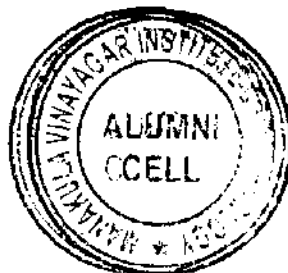

- ❖ **Technology Trends:** Mohanraj.U from MECH department of 2023 batch Alumni suggested that students should stay updated with the latest technology through newsletters, seminars, and alumni talks.
- ❖ **Optimized Coding:** Bhavatharani. N from CSE department of 2021 batch Alumni advised that students should focus on optimized coding practices, which may be emphasized through assignments and projects. Faculty was asked to integrate this into coursework.
- ❖ **Practical Training:** Vishnupriya. P from ICB department of 2025 batch Alumni pointed out the need for more hands-on sessions to bridge the gap between theory and practice.
- ❖ **Professional Networking:** Ugendiran.S from RA department of 2025 batch Alumni recommended that students should be encouraged to create and regularly update their LinkedIn profiles to enhance networking and job opportunities.
- ❖ **Industry-Oriented Training:** Hariharan. S from RA department of 2025 batch Alumni suggested technical training in PLC and SCADA, which are crucial industry requirements. Practical exposure in these areas will improve job readiness.
- ❖ Principal Sir accepted the proposal and agreed to implement the alumni mentorship program.
- ❖ Principal Sir suggested that student projects should focus on solving industry problems and be converted into patents and publications etc.
- ❖ Principal suggested organizing a faculty development program to train faculty on the latest technologies, which will help students stay updated with industry trends.
- ❖ Encouraged students, starting from the first year, to participate in conferences, project expos, internships, etc.
- ❖ The Principal appreciated the valuable suggestions and assured that the institution will take steps to integrate these recommendations into the curriculum, training, and student development activities.
